

# Information for children looked after by Kirklees Council

Advocates are here to help me, they can:

*help me to have my say about things that affect me*

*give me information and advice about the way I am looked after*

*meet me and listen to me*

*help me to let people know if I am unhappy about anything*

*support me at my review*

*help me get my wishes and feelings heard*

colour me in and keep me handy

To talk to an advocate, you need to ring the number on the back of this leaflet or get someone else to do it for you.

Children's Rights do lots of things throughout the year that you can get involved in. Information will be sent to you in the post to let you know what is going on and when.

## Confidentiality Statement

We are a confidential service. What you say will not be passed on without your agreement first, unless we feel that you or someone else is at risk of harm. If we can, we will talk to you about the reasons why we have to tell someone.
