

## Earnings based Rent Contributions

The following table can be used as a guide to how much rent contribution a young person who is earning should be expected to pay. The calculations are based on the assumption that a young person would be responsible for paying for their own food. No young person should pay more in rent contributions than the total weekly rent.

Young persons weekly net income	Young persons weekly rent contribution	Young persons weekly net income	Young persons weekly rent contribution
£95.95	£0.00	£150	£54.05
